Title of Article: _____

The copyright to this article is transferred to Scientific & Academic Publishing Company effective when the article is accepted and prepared for publication. The copyright transfer covers the exclusive right to reproduce and distribute the article, which includes reprints, translations, electronic form (online or offline), microform or any other reproductions of similar kind.

Acceptance of your work for publication has the following meanings:

1. The First/Primary Author at least must sign this form; the transfer of copyright shall become effective only upon Scientific & Academic publishing company's acceptance for publication of the work.
2. You warrant that you are the author or co-author and the owner of the work; Your work is original without plagiarism, and has not been published before or not being considered for publication anywhere else in its final form neither in printed nor electronic. If it contains material included in the manuscript that is the copyright of others, despite passages of text, figures, tables, or other data, you warrant that you have obtained the unrestricted permission of the copyright owner and provide relevant evidence to us.
3. The work was made according to the laws of publication and academic, ethical

standards and you recognize that all registered names, trademarks and logos of such kind used in this publication, even without specific indication, are also to be considered safeguarded by law.

4. The publication and any other use of the work by us will not violate any property right or copyright of any third party.
5. Once you have accepted your work for publication, you hereby assign and transfer all related rights and copyright in the work to us to edit, copy and some other relevant uses.
6. You agree that our publishing company hold no responsibility for content, statements or opinions by your submission to the publication.
7. You retain the right to reuse your article in whole or in part, without fee, for personal use provided that indicate the Scientific & Academic Publishing citation and notice of Scientific & Academic Publishing copyright are included and it won't cause copyright dispute.
8. If a prior version of the work has been put to an electronic public server, you will not update, modify or replace the prior version to make the content identical to the final published version.
9. Once the agreement has been signed by the corresponding author, any changes of authorship will not be accepted by us.

You hereby certify that you are authorized to sign this document in your own right or on behalf of your co-authors.

Signed: _____ **Date:** _____

(In signing this agreement, the signee has warranted that any authors not signing have granted the power of attorney on their behalf. The manuscript submitted has been permitted by these authors, and that the warranties given above have been read and agreed by all the authors.)
